A SEASONABLE  
SUGGESTION

Soda Water is always "In Season." Whether taken hot or cold it is a wholesome beverage, unless rendered deleterious to health by being loaded with impure artificial flavorings and glucose syrups.

Gold Soda drawn from  
Our Arctic Fountain  
Lacks nothing that could be  
Desired by the most  
sensitive Palates. We use  
Only pure juices made  
Direct from fresh fruits  
And can give any flavor.

Our "Cold Soda" is always cold.

WEDNESDAY, AUG. 1, 1900.

Exciting Race.

The Fair Grounds these days are the scene of some exciting equine contests in speed. About fifteen horses are in active training on the track and often the enthusiasm of the different horsemen present rises to such a pitch that money is staked on the particular favorites.

Tuesday morning witnessed quite an exciting race in which the horses of Frank Ranger and W. E. Dettor participated. A purse of \$100 was put up and the decision was to be awarded to the horse winning the best two out of three heats. Dettor's roan mare, Nellie D., won the race, taking the first two heats. Time for first heat, 2:26; second heat, 2:26 1/2.

Mr. Dettor expects to enter his mare in the fall races and hopes to take several events with her.

New Cases in Court.

A transcript from the criminal docket of Squire A. M. Jordan, of Beverly, was filed in the Clerk's office yesterday in the case of Ohio against Harry McKittick and Jarrett Gooden. An Appropriate Gift.

The members of the Leader force presented Mr. Geo. M. Cooke, the retiring editor, with a handsome mahogany chair yesterday afternoon. The chair accompanied by a letter expressing the esteem in which Mr. Cooke is held by all the force, and declaring the regret which all felt at his withdrawal from the proprietorship of the Leader, was sent to his residence Tuesday afternoon. The gift was a pleasant surprise to Mr. Cooke and will be cherished by him as one among the many prized mementos of his long and active career as a newspaper man.

The New Laundry.

Messrs. Palmer and Ziegler have sold their lot on Fifth street upon which they intended to erect a building for laundry purposes and have leased part of the third floor of the Marietta Paint and Color Co. building, on the West Side. They will be known as the Pa-Zi Laundry Co., the name being a combination of the first two letters of each gentleman's name.

New and up-to-date machinery has been ordered by the new firm and their wagon, recently ordered from the Ohio Valley Wagon Co., will be one of the finest in the city.

Watch Stolen.

Elmer Fairbanks, conductor of the local freight on the O. & L. K. railroad, lost a valuable watch at the Clay City Hotel in Zanesville Monday night.

Mr. Fairbanks is a regular guest at the Clay City Hotel, and has a room there. Yesterday he discovered that his watch, which was in his possession on Monday, had been surreptitiously taken from him. There is no clue by aid of which the thief can be discovered and apprehended. The theft was skillfully executed and must have been done by one who was not an amateur at the business.

New Turn Table.

The stone masons, who for the past month have been constructing the foundation for the Pennsylvania line's new turntable, have completed their work and returned to Cambridge Tuesday. The work was in charge of Mr. Edward Duffy, of Cambridge, who is an experienced contractor. Mr. Duffy was very much surprised to note the business being carried on in Norwood, and is very enthusiastic over the prospects of the new addition.

River News.

The river is again gradually falling here, after having attained a height of 7.2 feet. The stage will probably be increased one foot in the next day or two but this rise will not be of sufficient duration or volume to give the captains of the large packets an opportunity to bring their boats out.

The Lorena, which has been tied up at Zanesville, will come down the river on Thursday.

The traffic on the river is at present very gratifying to the steamboatmen and quite profitable besides.

He was taken sick and doctors said coffee was the cause of it, and told us to use GRAIN-O. We got a package and did not like it at first, but now would not be without it. My brother has been well since we started to use it.—Yours truly,

Mrs. Lydia Craft, of Larwood, Linn Co., Oregon, writes: "I was sick for a long time with female trouble but paid little attention to it until last winter. A Perfectly Safe Store ==

Many years ago it was fixed as the policy of this store, that every transaction must be made satisfactory to the Customer. This must be known to the Public as the safe, reliable store. Two things we do in fulfillment of this pledge—we aim to exclude trashy and unsafe goods and we promptly and cheerfully hand back the money for anything that you return. We do not wish you to regret a purchase made here. If you have not used the article, bring it back. But this is more than a safe store. It is by far

The Largest and Best Store.

This fact is known not only to the people of Marietta and vicinity, but is recognized by the Manufacturers and Importers of the Country at large who are anxious to sell to the House that can handle the most goods. Hence it is that we have first pick of the world's choicest products, while the powerful argument of the READY CASH secures to us every possible advantage in the matter of prices.

A SICK PERSON'S LIFE

Often depends upon two men—the doctor and the druggist. When sickness comes, you send for a physician—the very best you can find. He writes a prescription. Your recovery depends on that—and something else. The something else is the druggist. A good druggist uses good, pure, fresh drugs. He is an experienced man, who makes no mistakes. He fills prescriptions just like the doctor wants them filled.

No druggists, we believe, are more careful or competent than we are. If you bring prescriptions here to be filled, we will give them the most careful attention. We will fill them right. Our prices are moderate. The best service costs no more here than the next best elsewhere.
